

Dear Colleagues,

MACEDONIAN UNION OF METALLURGISTS announces that the **VII International Congress of Metalurgists of Macedonia – “METALLURGY, MATERIALS AND ENVIRONMENT”** is scheduled for **09.06 till 12.06 2016** in Ohrid. The fame of the Ohrid Lake is widespread and there is no need to repeat it.

The scope of our Congress is to promote exchange of results and ideas in the fields of **Metallurgy, Material Engineering and Environmental Protection** and related sciences as well to foster collaboration between the academic and industrial community.

The planned lectures (plenary, invited and key-note) and poster sessions to cover recent achievements in the mainstream fields of Metallurgy, Material Engineering and Environmental Protection will be divided into following sections:

- Physical and Mechanical Metallurgy, PMM
- Extractive Metallurgy, EM
- Plastic Deformation and Metal Processing, PDMP
- Welding, W
- Casting of Metals, CM
- Electrometallurgy, E
- Corrosion and Protection of Metals, CPM
- Process Engineering and Management, PEM
- Nanomaterials and Nanotechnologies, NN
- New and Advanced Materials, NAM
- Environmental Protection, EP
- Waste minimization and Recycling, WMR
- Refractory Materials, RM
- Education, EDU

All correspondence should be addressed to the congress webpage that will be published in the Second announcement.
